4. You can also filter by special offers, product type (eGift card, physical gift card, reloadable, ship to home eligible), and denominations.

## Step 2: Purchase gift cards

Two types of gift cards are available: eGift cards and physical gift cards. Not all brands offer both types—check the brand's page for details. Gift cards are worth face value and not a penny less.

### eGift cards

eGift cards are electronic gift cards that are sent immediately to you. No waiting! These are sent to your email and scrip account when you pay online. View and print them right from your email or scrip wallet.

### Physical gift cards

You may also place an order for physical gift cards. Orders for physical gift cards can be placed online or on paper order forms. Paper order forms are available online or in the parish office. Payment is expected when you place your order.

**Order timing:** We typically place a bulk order for all gift cards once a week. The cards are shipped to the office, processed and are then available for pickup at the parish office. There are no shipping fees applied to your order.

**Special feature:** Many physical gift cards can be reloaded so you can keep using the ones you already have. Add money from your Wallet and earn every time. Check the Scrip website to determine if the gift card you have is reloadable.
