

More Hands Needed Than Ever Before!!!

Each and every one of us is part of St. Mary Home and School (HandS).
Your participation is a crucial part of being a true school family.

The pandemic has created extraordinary challenges for all of us, and we now have the extraordinary opportunity to become an even closer community to support each other. Placing service and community at the top of our priority list will be a critical step in making the 2020-2021 school year an incredible experience for each of our students amidst a very disruptive time.

We all know firsthand that we only get out what we put in – the more time and talent we invest, the more our students and school community will thrive. Given the circumstances of this year, we need your help more than ever.

Each year HandS needs volunteers, funding, and ideas. Please participate throughout the year by:

- Sharing your ideas and talents for making each year better than the last
- Volunteering to lead or assist with an event or fundraiser
- Participating in fundraisers that pay for the social and enrichment events
- Encouraging your student(s) to participate and enjoy events throughout the year

Thank you in advance for all you do. Please contact Vivian Roe (HandS president, roev@stmaryhc.org) or Dee McAdams (HandS secretary, donella@colonialqp.com) to learn more and share your ideas!

Immediate Volunteer Opportunities

- Co-Chair for Catholic Schools Week (January)
- Co-Chair for “Let’s Get Moving Week” (April)
- Co-Chair for Change it Up Challenge (April)
- Chair for Ice Cream Social (Fine Arts Night)
